

******KINDERGARTEN & PRESCHOOL PARENTS******

Parents: Have you given transportation names of any designated adult(s)* other than yourself that can receive your child at their drop off point? We will **NOT** release your child to anyone that you have not designated us to do so. Anyone you have listed as emergency contacts would be approved to receive your child at their drop off point. **Is there anyone you want to add?**

*Parents – Please note: If your kindergarten or preschool child has an older sibling (1st grade or above) on the bus with them on the out bound bus route, we **CAN** release your child with the sibling and an adult does **not** need to be present. If the sibling would **not** be on the bus, then the parent or one of your designated adult(s)/or an older sibling must be at the drop off point to receive your child.
