QUALITY OF MILK

Milk shall be Grade A, Pasteurized, and Homogenized. All milk products shall be delivered in refrigerated trucks at 45 degrees Fahrenheit or less but not frozen. To insure quality, all milk delivered must have a date stamp at least two days later than the date of delivery. Successful bidder will furnish District with code date information.

Full credit shall be given for all opened and unopened cartons if sour milk is found in any given order within the date as specified on the carton. Credit shall also be allowed for leaking cartons.

PACK

Milk is to be packed in clean metal or plastic cases.

ESTIMATED QUANTITIES

Estimated quantities are based on the usage from August 2017 through May 2018 and could change if the National School Lunch Milk Program is eliminated.

BILLING

Billing shall be monthly, on the first of the month.

DELIVERIES

Product must be placed with in the cafeteria coolers at each school.

KEYS

Building keys will be provided to Milk Company.
